

### E41703 RM1546 (546CLT) LONDON TRANSPORT RED ROUTE N82 (WOOLWICH ARSENAL STN)

RM1546 (registration 546CLT) entered London Transport service in April 1963 on Route 36 from Peckham Garage. It was based there for the next five years until being transferred to Mortlake in June 1968. RM1546 appears to have spent much of its time here in store, but in May 1975 it was overhauled at Aldenham, after which it was reallocated to New Cross, where it worked on Route 53 to Camden Town, as well as on Night Bus duty as depicted by our model on Route N82.

After periods at Clapton and Turnham Green, RM1546 was purchased by Southampton City Transport in 1987, but in October 1989 was sold again and ultimately exported to Japan.

**NOTE:** The model displayed here is a pre-production decorated sample. Colours and details on the final models may vary slightly.
