AEC 10T10 COACH ENSIGN U.S. CLUBMOBILE

During the 1940's many of these splendid coaches were loaned to the American Forces for moving troops and air crew on U.S. bases and also used in the field as Red Cross Clubmobiles. Named after U.S. States these Clubmobiles provided a reminder of home for the G.I.'s with music, coffee and doughnuts. There are only 2 working AEC 10T10 buses in the U.K. one at the Cobham Museum and the other newly rebuilt in the Ensign bus collection.

Ensign have been meticulously rebuilding their 10T10 over the past few years and it returned to service last Autumn at Ensign's annual running day. Whilst painted in grey undercoat it was an opportunity to recreate the bus as a Clubmobile and Oklahoma was chosen as the identity.

29909 - AEC 10T10 - American Red Cross Clubmobile. Registered ELP 223 and carrying the identity of Oklahoma, USA X201025, this vehicle could be seen in Essex working a circular tour around Lakeside at Ensign's annual running day last November.

Due to the small production quantity of this model, orders will be handled on a strict date received basis, and we reserve the right to allocate models on a fair basis, if demand exceeds supply.
