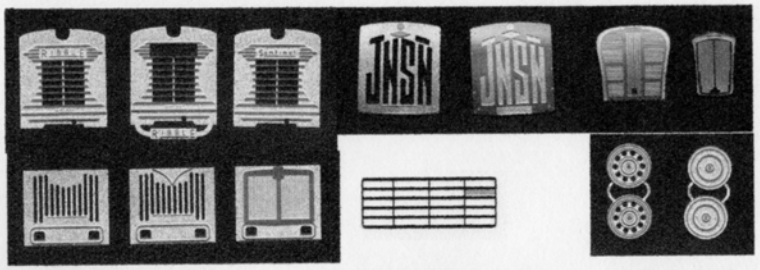
Windover Kingsway side trims for TiNY kit TK16.....**£4.50**

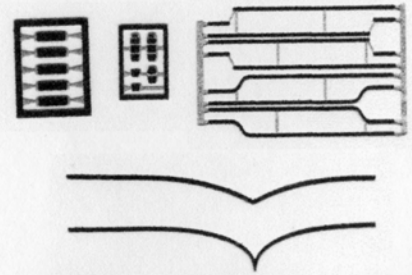
Arising from customer requests and my own requirements, I have produced a selection of etched items, mostly in 8 thou nickel silver, just small quantities to see how they turn out and to see if there would be any wider interest. Availability or additional stock depends on circumstances. Also one or two related extra castings etc.

ETCHED SPECIALS - Plus L sae unless shown otherwise. Limited stocks.

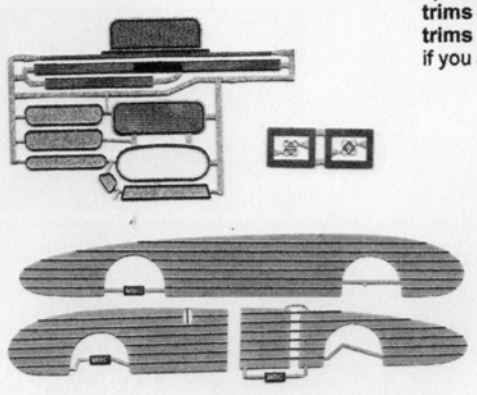


Front grilles: The **later Sentinel** grille in **Ribble** and **standard** versions - note that the prototype of the Ribble batch had a slightly different pattern, and I've done some etches with the name separate to suit my own wish for an ex-Ribble vehicle. **Jensen** grille - the half-etch version was done as insurance in case the etch-through version didn't work and could be used on new-builds where it should be placed in a 5 thou recess. The prongs of the N in the etch-through version are very delicate and easy to catch on the fingertip. **Austin**. **Morris Commercial**, 10.5mm high (I suspect there was also a taller version). **Leyland BMMO - plain**, **Alexander** (for some of Alexander's lowbridge PD3s - open platform conversion of Marsden's kit), **Bournemouth**. **Alexander Bristol VRT**. All **£1.20 each.**
Rear wheel trims: **London Transport** (and other operators). A second style of **coach trim**, one-piece etching. **£1 a pair.**

Operator and chassis badges: **Sheffield United Tours wings** plus front windscreen shield, **£1.20 a set**. **Black & White (Cheltenham) windscreen wings**, large for Guy and AEC, small for 1962-4 Leopard/ Plaxtons ("positive" and "negative" versions done to see how they came out), **70p each**. **AEC and Leyland (1950s) badges, £1 for 2.**



Other items: **BMAC OMO signs**, £1.20 per pack of 5, **rear & sidelights sets**, £1.20 with front lights, £1 without (who forgot to double up the latter?!). **Plaxton Highway front V trims** - two depths, £1.20 each, **side "step" trims** (2 styles), £1.20 a pair (please advise if you are working with the RTC kit).



Orders being taken for: **Perkins engine badges** (etch-through version not guaranteed). A selection of Sunderland District/Northern General **single-decker grilles and trims**, together or individually (also apply to other operators). **Sheffield United Tours side trims** (inserts) for Corgi or Anbrico/MBC/ABS **Burlingham Seagull** coach.
